#### PHILIP O. COAKLEY MIDDLE SCHOOL PROJECT AMENDMENT NO. 01 AGREEMENT BETWEEN OWNER AND CONSTRUCTION MANAGER INTERIM GMP- Early Bid Package #1

This Amendment No. 01 dated \_\_\_\_\_\_\_\_ is entered into by and between the **Town of Norwood** (hereinafter "Owner") and **W.T. Rich Company, Inc.**, (hereinafter "Construction Manager").

WHEREAS, the Construction Manager entered into a contract with the Owner to perform construction management at risk services for the **Philip O. Coakley Middle School Project** by contract dated August 24, 2022 (hereinafter the Owner-Construction Manager Agreement); and

WHEREAS the Owner-Construction Manager Agreement provides for the negotiation of the Interim Guaranteed Maximum Price (GMP) and the execution of a GMP amendment; and

WHEREAS, the Owner and the Construction Manager have negotiated an Interim GMP for the Project and intend hereby to amend the contract price accordingly in the Owner-Construction Manager Agreement; and

WHEREAS, the Owner and the Construction Manager agree that this IGMP shall superseded by the FINAL GMP.

THEREFORE, the Owner and the Construction Manager agree as follows:

1. The Contract Price as defined in Article 6 of the Owner-Construction Manager Agreement is hereby amended by an amount of **\$28,873,100.00** bringing the total contract amount to **\$29,113,100.00**, <u>inclusive of Preconstruction Services</u>.

Description	Original Contract & Previous Amendments	Amount of this Amendment	Total After This Amendment
Full Preconstruction Services	\$240,000.00	\$0.00	\$240,000.00
Amendment #1 - Early Package Work plus LS General Conditions for Full project	\$0.00	\$28,873,100.00	\$28,873,100.00
Total Cost	\$240,000.00	\$28,873,100.00	\$29,113,100.00

- The Construction Manager's Interim Guaranteed Maximum Price (IGMP) for the Work, which includes the Hard Cost of the Work, and the General Conditions as defined in the Owner-Construction Manager Agreement, is \$28,873,100.00, which <u>excludes</u> Preconstruction Service Costs.
- 3. The Contract Price as amended by this Amendment No. 01 is for the performance of the Work in accordance with the original Contract Documents and those identified in Exhibits A through G listed below, and attached to this amendment:

Exhibit A – Plans and Specifications in list form, including listed Addendum.

Exhibit B - Guaranteed Maximum Price Proposal Summary Overview

Exhibit C – Construction Allowances

Exhibit D – Alternates

Exhibit E – Unit Prices

Exhibit F – Assumptions, Clarifications and Qualifications

Exhibit G - Construction Schedule Milestone Dates

#### **GMP** Attachments

Summary of the Guaranteed Maximum Price Proposal with Cost of Work Items, Allowances and Contingencies

#### FINAL GMP: CONTRACT AMENDMENT #1

#### SUMMARY OVERVIEW- March 20, 2023

INITIAL CONTRACT AND PREVIOUS AMENDMENTS	
Original Contract	
- Full Preconstruction Services	\$240,000.00
Total Initial Contract and Previous Amendments	\$240,000.00
GMP AMENDMENT #1 ADDED COSTS	
Early Package 1 Cost of Work (Inclusive of Allowances)	\$23,674,000.00
GMP - FEE	to be included in Final GMP
GMP - INSURANCE & BOND	to be included in Final GMP
GMP CONTINGENCY	to be included in Final GMP
GENERAL CONDITIONS	\$5,199,100.00
GENERAL REQUIREMENTS	to be included in Final GMP
Total Amount of this Amendment	\$28,873,100.00
TOTAL CONTRACT AMOUNT	\$29,113,100.00
TOTAL CONSTRUCTION Interim GMP (excl Precon)	\$28,873,100.00
CONTROL BUDGET (from 90% CD Estimate)	\$30,059,804.00
TOTAL DELTA (Negative number means underrun)	(\$1,186,704.00)

#### **EXHIBIT C**

#### Construction Allowances that are included in Interim GMP Contract (O: Owner's Allowance; CM: CM Allowance. See Exhibit G for definitions)

Code	Early Package Cost of Work Allowances Description	Cat. (O/CM )	IGMP Value
07101	Electrical Scope - Temp Power for Trailers	СМ	\$20,000.00
07102	Temp Signage for Traffic/Pedestrian Control	0	\$7,500.00
07103	Lease (4 ea)/Relocate Connex Boxes for Sports teams	CM	\$30,000.00
07104	Prep./ Restoration of Mylod Parking Area	CM	\$25,000.00
07105	RAP/ Sport Light Foundation Obstruction	0	\$30,000.00
07106	R&D Existing Dust Collector	CM	\$8,000.00
07107	Misc. decking cutting, structural steel opening support and beam penetrations	СМ	\$80,000.00
07108	Truss Reinforcement for Added Live/Dead Loading	0	\$40,000.00
07109	Detailing/Engineering- Structural Steel	CM	\$22,000.00
07110	Tree Protection	CM	\$20,000.00
07111	Ground heating and Concrete Blanket Implementation	CM	\$50,000.00
07112	Maintain Temp. Access Roads and Walkways for Town Access	0	\$25,000.00
07113	Remove and Dispose Spoils- RAPS	CM	\$10,000.00
07114	Ceremonial- Ground Breaking/ Ribbon Cutting	0	\$5,000.00
07115	Logistics/Temp Fence Modification per Direction of Owner	0	\$65,000.00
	Total Early Package COW Allowances		\$437,500.00

## EXHIBIT D

#### List of Alternates and Acceptance Status

#### Alternates are listed in this Interim GMP for information only and will be finalized in the final GMP.

Alternate Description	Deadline	Price Status	Amount
Alternate 1- Add Concession Stand			To be in Final GMP
Alternate 2- Add Full Height Tile in Multi-Fixture Restrooms			To be in Final GMP
Alternate 3- Add Tile into Corridors- 4' High on Straight Walls			To be in Final GMP
Alternate 4- Add Tile to Student Commons 4' High on Straight Walls			To be in Final GMP
			To be in Final GMP

Deadline: Date by which alternate must be selected; otherwise, not available

Price Status: E = Estimate; F = Firm

#### Alternate 1- Add Concession Stand (Early Package Pricing)

Item Description	Qty	Unit	Unit Cost	Amount
Site- To be included with Final GMP	1	LS	\$38,500.00	\$38,500.00
Concrete- To be included with Final GMP	1	LS	\$49,477.00	\$49,477.00
Structural Steel- To be included with Final GMP	1	LS	\$30,000.00	\$30,000.00
Total Early Package Costs for Alternate #1				\$117,977.00

## EXHIBIT E

#### List of Unit Prices

Unit prices are requested for items of work for which the quantity of work is difficult to estimate or is subject to change during contract performance. All work is to be estimated and carried based on the information available in the bid documents. Unit price rate will be used to adjust the contract amount when the actual quantity of work performed is greater than or less than the quantity to be carried under the base bid. All established unit price rates are inclusive of all subcontractor labor, material and equipment costs associated with the work plus any associated overhead, taxes, insurance, fees, office costs, engineering costs, and profit. Construction Manager overhead, profit, bonds and insurance are NOT included in these unit price rates and shall be added. The Unit Prices listed in Section 00 43 22 are excluded and replaced by the unit prices listed below. <u>The unit prices listed herein are for work concerned with EBP #1 only.</u>

Item No.	Spec Section	Item Description	Unit of Measure	Unit Price	
Cast In Pla	ice Concrete Unit	Prices			
1	033000	Type 1 Slab Opening Reinforcement	30	SF	\$243.00
2	033000	Type 2 Slab Opening Reinforcement	30	SF	\$364.00
3	033000	MEP Housekeeping Pads (Average 4' x 4' x 4")	20	SF	\$389.00
Structural	Steel Unit Prices				
1	051000	Structural Steel: Unit Weight up to 15 lb/lf		tons	Per Norgate UC Backup
2	051000	Structural Steel: Unit Weight 16 to 30 lb/lf		tons	Per Norgate UC Backup
3	051000	Structural Steel: Unit Weight 31 to 60 lb/lf		tons	Per Norgate UC Backup
4	051000	Structural Steel: Unit Weight more than 60 lb/lf	tons	Per Norgate UC Backup	
5	051000	Shop installed beam opening per 3/S0.06	10	each	In base Bid
6	051000	Field installed beam opening per 3/S0.06	10	each	In base Bid
7	051000	Deck Opening per 1/S0.09 during Fabrication		each	Per Norgate UC Backup
8	051000	Deck Opening per 2/S0.09 during Fabrication	10	each	In base Bid
9	051000	Deck Opening per 3/S0.09 during Fabrication		each	Per Norgate UC Backup
10	051000	Deck Opening per 1/S0.09 after erection		each	Per Norgate UC Backup
11	051000	Deck Opening per 2/S0.09 after erection		each	Per Norgate UC Backup
12	051000	Deck Opening per 3/S0.09 after erection		each	Per Norgate UC Backup
13	051000	Deck Opening Type 1 per 1/S0.07 during Fabrication	5	each	In base Bid
14	051000	Deck Opening Type 1 per 1/S0.07 after erection		each	Per Norgate UC Backup

15051000"Unreinforced Penetration"5eachIn base Bid	15 05100	"Unreinforced Penetration"	5	each

# EXHIBIT F

## Assumptions, Clarifications and Qualifications

- 1) The Construction Manager has made a good faith effort to identify and eliminate errors and omissions from the contract documents; however, the Construction Manager does not warrant that the documents are free of errors, and, except as otherwise provided in the Contract Documents, the Construction Manager shall not be held responsible for costs or change orders incurred as a result of any such errors, omissions or deficiencies within the contract documents and which do not arise as a result of the Construction Manager's fault or negligence.
- Proposal does <u>not include</u> any associated costs with the scope of work associated with providing vibration monitoring services. This is to be provided and monitored by a 3<sup>rd</sup> Party, outside of W.T. Rich Company scope of work.
- 3) Force Majeure and COVID-19.
  - a. Neither party shall be liable to the other or be deemed to be in breach of this Contract for any failure or delay in rendering performance arising out of causes beyond its reasonable control and without its fault or negligence.
  - b. In the event of a Force Majeure Event (which shall mean an event beyond the reasonable ability of the CM to control [such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather], and/or as described in the General Conditions) that delays the progression of the Work, the Construction Manager shall be entitled to an equitable extension of the Contract Time. If approved by the Owner, notwithstanding the provisions of the General Conditions, direct, incremental costs incurred by the Construction Manager because of a Force Majeure Event may be reimbursed to the Construction Manager via a change order to the GMP amount (unless a pre-established allowance has been identified). The parties acknowledge the existence of the current COVID-19 pandemic and that circumstances arising directly as a result of the pandemic and which occur after the date of the GMP Amendment and delay the progression of the Work shall be considered a Force Majeure Event.
  - c. To the extent any contractors seek compensation for material escalation costs due to a claim under a force majeure event, such claims will be considered and approved as change orders, but only to the extent that such claims fulfill contract and/or legal requirements for a force majeuire event.
- 4) Includes any qualifications, clarification or exclusions noted within each bidders quote / scope of work sheets.
- 5) Police Details unless specifically noted to be included within a given contractor's scope of work, Police Details shall be paid for by the construction manager from the GMP via an allowance.
- 6) Fire Details When fire watches are required by code or by WT Rich hot work program, contractors shall be required to provide and pay for their own fire watches when using their own

workforces. If the fire watch requires a uniformed (i.e., Fire Department) fire detail, the construction manager shall manage and pay for such details from the GMP via an allowance.

- 7) Utility company costs, back charges and fees associated with design, engineering and construction of permanent services and systems to be installed onsite are excluded. Temporary power service and hook up is included under an allowance carried within the GMP. No costs for Town of Norwood DPW costs or services to support the project have been included.
- 8) For any allowance items designated as an Owner ("O") Allowance in Exhibit C, allowance overruns or underruns are to be paid as add/deduct to the GMP (i.e. change order). For any allowance items designated as a Construction Manager ("CM") Allowance in Exhibit C, allowance overruns or underruns are to be paid as add/deduct to the GMP Contingency.
- 9) The General Conditions and CM Fee are presented as fixed, lump sum amounts, except for those costs specifically listed as allowances in Exhibit C and Attachment A. Allowances are to be tracked and dealt with to account for actual costs incurred. For the balance of the general conditions and general requirements scope, the Construction Manager will bear the risk of any cost overruns for staffing or other identified general conditions costs; likewise, no credit will be owed on any general condition or general requirement items that are underutilized.
- 10) Receiving, handling, and installation of Owner-Furnished furnishings, equipment and systems, either existing or new, are specifically excluded from the GMP, unless specifically identified as part of the construction scope within the contract documents. Coordination assistance of these owner items is within the GMP.
- 11) The following items are excluded from the GMP:
  - a. CM-provided staging & hoisting for Trade Contractors to complete their respective work. Erecting a working platform for overhead work in the proposed auditorium will be carried as a cost of work allowance.
  - b. Contaminated soil or materials other than those identified in the Environmental Site Assessment plan and subsequent Addendum No. 2.
  - c. On site treatment of contaminated water or water that cannot be recharged into the ground. Any water treatment requiring measures beyond weir tank usage is excluded. No chemical treatment or filtration is included.
  - d. Independent/Freestanding Exterior Wall Mockups. (NOTE: All mock-ups will be completed in-place as part of the permanent construction)
- 12) Soil testing and Licensed Site Professional (LSP) costs, in general and for soil precharacterization, shall be by the Owner and are excluded from the scope of the GMP.
- 13) When work is damaged by others and the party or parties responsible for the damage cannot be identified, the cost of repairing or replacing the damaged work will be funded from the GMP contingency.

- 14) Cost loading and resource loading of the CPM schedule is excluded.
- 15) GMP excludes costs of third party testing. It is the expectation that the OPM/Architect will conduct all third party testing. Any costs associated with failed test will be borne by the responsible party whose work is the subject of the test. This is inclusive, however of Section 014529-1.11.F.
- 16) The 90% CD documents were provided as a reference for the ERP #1 work. Additional scope to the 90% CD which directly impacts the ERP scope of work shall be addressed via add/deduct change order after the 100% conformed Bid documents are issued.
- 17) GMP excludes any costs associated with blasting of ledge and or any underground structures or anomalies (natural or man-made). Boulder removal shall be addressed under the unit price structure.
- 18) GMP excludes photographic or video surveying of adjacent properties. It is expected that this task will be undertaken by the Town or a representative thereof.
- 19) Tree protection will be provided in areas as warranted and not covered by the site fencing. Tree protection will be provided as specified in Section 311000-2.1 of the ERP-1 Bid Documents. Costs associated will be covered as an allowance.
- 20) Moisture mitigation of SOD/SOG is not included in this GMP. It is assumed floor adhesives specified will accommodate 99% RH of the placed concrete.
- 21) It is assumed that items/features to be demolished are clearly depicted in the Contract Drawings or were clearly visible or presentable during the pre-bid walk thru. Costs associated with any unforeseen conditions will be addressed as indicated in the Contract General Conditions.
- 22) Existing equipment and materials to be salvaged and not used within the confines of the finished project will be stored on site for future turnover to the Town of Norwood. Transport to the salvaged items off site to a final location is not included as part of the GMP.
- 23) PV Infrastructure for the parking lot canopies is limited to installation of underground conduit only. Concrete bases are not included.
- 24) Liquid asphalt escalation is not included. Basis of cost per ton is per MassDOT index dated February 2023

## EXHIBIT G

Construction Schedule identifying the Substantial and Final Completion Dates upon which the Interim GMP is based

#### Preconstruction and Award EBP #1:

Owner Written Authorization to Award ERP #1 Bidders: 3/20/23 Interim GMP Execution: On or before 3/27/23

Commence EBP #1 Work 6/1/23

#### **Construction Schedule**

Substantial Completion (C of O New Coakley Middle School) – 6/6/2025 Final Completion- 11/7/2025 (NIC spring plantings)

Refer to Attachment B for GMP Construction Schedule, which is taken from the Baseline schedule dated 1/31/23.

## ATTACHMENT A

GMP Cost of Work Backup Summary

#### **Coakley Middle School**

#### Attachment A - Guaranteed Maximum Price Proposal Cost of Work Back-up Sheet
